SEMI-WEEKLY LIGHT

Fifty Years of Service

The Semi-Weekly Morning Light has been an outstanding progressive newspaper, working for the advancement of the rural communities of Navarre and adjacent counties for more than fifty years. Its success is sound up with the growth of Rural life.

U.S. ARMORED FORCES NEAR MAKNASSY AS BRITISH HAMMER AT MARETH LINE

WEDGE IS DRIVEN INTO AXIS DEFENSE OF COASTAL ROADS

BATTLE OF TUNISIA FINDS ROMMEL'S FORCES SQUEEZED NEAR COAST

ALLIED HEADQUARTERS IN NORTH AFRICA, March 22.—(AP)—Military dispatches said today the British Eighth Army attacked the Mareth Line on a six-mile front between the sea and the main road from Medenine to the village of Mareth, and encountered strong opposition.

By DANIEL DE LUCE
ALLIED HEADQUARTERS IN NORTH AFRICA, March 22.—(AP)—American armor drove a wedge into Field Marshal Erwin Rommel's last defense barring the way to the Gulf of Gabes with the capture of about 1,400 Italian prisoners and Gen. Sir Bernard Montgomery pressed a full-scale attack on the Mareth Line today.

Field reports said an American column was within sight of Maknassy, a strong German position on the Gafsa-Mahares railway some 50 miles west of the Port of Mahares. The battle of Tunisia, which Prime Minister Churchill announced last night under way and going well, found Rommel's southern forces squeezed into a coastal strip of barely 70 miles separating the correlated drives of Montgomery and U. S. Lieut. Gen. George S. Patton Jr., from the south and the west respectively.

In it, the British Gen. Jürgen von Arnim's troops drove a British First Army detachment from Nefesa station, which lies 47 miles southwest of Bizerte and about two miles northwest of the Djebel Abiad, but the dominating heights of the Djebel Abiad were covered by a new British line.

Mere Sideshow.
This was a mere sideshow to the mammoth allied ground and air offensive which threatens to encircle Rommel in the south.

(A British radio broadcast, recorded by CBS, said the powerful aerial action with which the British Eighth Army opened its attack on the Mareth positions "was very much like the beginning of the battle of El Alamein," dust storms and rain clouds which had hampered operations for days vanished Saturday, it said, and the all-out onslaught was launched in clear weather.)

A column of General Patton's forces thrust due east from El Guestar mopped up Bou Hamran, eight miles nearer the coast, and captured more than 1,000 Italian prisoners.

SENATORS STUDY COUNTRY'S ROLE POST-WAR PICTURE

CHURCHILL BROADCAST HOLDS ATTENTION OFFICIAL WASHINGTON

WASHINGTON, March 22.—(AP)—As official Washington assayed Prime Minister Churchill's broadcast discussion of war and peace, a special group of ten senators was called together today to organize a study of the country's role in the post-war picture.

While income taxes, the struggle against inflation, draft deferments and new food restrictions highlighted the immediate home front problems, Chairman George (D-Ga.) said his special senate committee on post-war economy would explore a broad program linking together business, finance, labor and agriculture.

A house military subcommittee was studying ways of getting men into the army—particularly men now employed by the government and given occupational deferments for that reason.

The pay-as-you-go income tax battle was warmer as it headed toward a free-for-all debate on the house floor.

General debate starts Thursday. The wage demand controversy between John L. Lewis' United Mine Workers and bituminous coal operators is due for a probable going over on Friday when Lewis appears before the senate war investigating committee.

Another threat to inflation controls was seen by administration leaders in legislation to compute farm labor costs in fixing parity price ceilings. The measure passed the house last night and was headed toward probable approval in the senate.

Committee Votes for Higher Prices

WASHINGTON, March 22.—(AP)—The senate agriculture committee, in a session lasting only ten minutes, voted unanimous approval today of a bill passed by the house Friday to require the inclusion of farm products in the price control program.

Flood Threats in Southeast States Recorded Monday

By The Associated Press
Rain-forged rivers slowly crept toward dangerous crests today in several southeastern states, forced hundreds to evacuate their homes in low-lying areas, and threatened heavy property damage.

ALLRED FAILS GET FAVORABLE REPORT SENATE COMMITTEE

MATTER STILL BEFORE COMMITTEE FOR FUTURE CONSIDERATION

WASHINGTON, March 22.—(AP)—The senate judiciary committee declined on a 9 to 9 tie vote today to report favorably President Roosevelt's nomination of James V. Allred, former Texas governor, as judge of the Fifth Circuit Court of Appeals.

Senator O'Mahoney (D-Wyo.) said the committee subsequently decided to adopt a motion by Senator Danaher (R-Conn.) to postpone consideration of the nomination indefinitely, a move tantamount to killing it. The vote on the Danaher motion was also a tie, 8 to 8.

Chairman Van Nuys (D-Ind.) said that "so far as the committee is concerned it's (the Allred nomination) dead. However, it could be revived by motion of any member."

O'Mahoney said this had the effect of leaving the Allred nomination before the committee for consideration at some future date. He explained that under committee rules a tie vote defeats any motion.

During hearings before the judiciary subcommittee, which two weeks ago recommended approval of Allred, opponents asserted the Texas nominee was not qualified to sit on a "pay-off" for resigning as federal district judge to make his unsuccessful race against Senator O'Daniel (D-Tex.) who frequently opposed the administration.

How They Voted.

The vote on the motion to report out the nomination favorably was:

For the motion—(9). Democrats—For—Hatch, Connally, O'Mahoney, Chandler, Kilgore, Murphy, McFarland, Andrews, Van Nuys.

Against the motion—(9). Democrats—McCarren, Wheeler, (2) Republicans—Austin, Dwyer, Wiley, Langer, Ferguson, Revercomb, Wherry (7).

The committee also sent back to a subcommittee, for reconsideration, the nomination of Stephen See ALLRED, Page 4

SECRET BALLOT BILL FINALLY PASSED BY SENATE ON MONDAY

HOUSE SIDETRACKED ADJOURNMENT PLAN BY SENDING IT TO COMMITTEE

AUSTIN, March 22.—(AP)—The senate today by an 18 to 6 vote finally passed Weaver Moore's secret ballot bill after defeating Allan Shivers' amendment to change the method of marking ballots.

The measure was attached to amendments: By R. C. Lanning, providing that votes may be counted only at one-hour intervals.

By Cotten, excluding from voting places all relatives of candidates of third degree except the elected chairman of voting boxes.

A resolution calling for an investigation of the Brazos River Conservation and Reclamation District and the Brazos River Transmission Electric Cooperative, Inc., was referred to the committee on governor's nominations.

RED ARMY CAPTURED ANOTHER TOWN IN DRIVE ON SMOLENSK

RUSSIAN RESISTANCE IN SOUTH REPORTED TO BE STIFFENING

By EDDY GILMORE
MOSCOW, March 22.—(AP)—The Red army has captured the railway town of Durovo, 57 miles east of Smolensk on the main line from Moscow, and the Russian column driving southward toward the rail line from Bely has made new progress, the Russians announced today as the battle for the Donets river line southeast of Kharkov grew in ferocity.

The Russian on the march south of Bely seized two strongly fortified German positions, the communistic said, and in one place moved in over the bodies of 275 Germans.

After conceding the loss of Belgorod, 50 miles north of Kharkov, last night, the Russians reported today they were holding stubbornly east and southeast of the city in efforts to cross the upper Donets. They have tried repeatedly to cross the Donets river and continue their advance, but each time they have been thrown back by the Red army defenses, it was said.

A Pravda dispatch reported that several settlements in the Chuguev region were continuously changing hands as the Red army stiffened its resistance and the fighting increased in ferocity. Soviet artillery, the newspaper said, Soviet guns still are knocking out the German tanks, it was said, and Soviet cavalry is successfully pursuing enemy machine-gunners.

Pravda reported that early thaws on the central front had greatly hindered the Russians in their efforts to cross the upper Donets and dislodge the Germans from their river strongholds. Nevertheless, the midnight communiqué said that 12 more settlements on the western bank of the river had been captured.

Berlin Admits Leningrad Setback

MOSCOW, March 22.—(AP)—The Berlin radio, in a broadcast recorded by the Associated Press, admitted today for the first time that its steel ring around Leningrad had been broken.

The Russians reportedly had captured the city on the 17-month siege had been lifted.

Pope Pius Slightly Ill

(By The Associated Press.)
Pope Pius XII was reported today by the Berlin radio to be suffering from a severe cold and confined to bed with a high fever, but the British radio, in a broadcast recorded by CBS, quoted a Rome announcement that he was only slightly indisposed and that his doctors "say there is no cause for anxiety."

The report said that the Pope's audiences had been suspended.

CHURCHILL CONFIRMS FACT OF ALLIED PLANS TO OUST AXIS FROM AFRICA ARE UNDER WAY

By DEWITT MACKENZIE
Britain's Prime Minister gave us the official news we had been anxiously awaiting and injected Churchillian drama into the Tunisian crisis last evening with his impressively measured announcement:

"I have just received a message from General Montgomery that the Eighth Army is on the move, and he is satisfied with the progress."

RECEIVE SILVER WINGS—Included among the hundreds of new pilots graduated Saturday from the ten advanced flying training schools of the AAF Gulf Coast Training Center, receiving their silver wings and commissions as second lieutenants were three from Navarre County. They are left to right: Lieut. Van G. Elkins, 212 West Third Avenue, Corsicana (Lubbock); Lieut. George E. Gillen, Blooming Grove (Aloe Field, Victoria); Lieut. Cecil L. King, Angus (Aloe Field, Victoria). Sixty-six states, District of Columbia, Mexico, Alaska and the Canal Zone contributed members to this class, the largest ever turned out by the Gulf Coast Center. These pilot officers are now ready for the spring offensive sweeps over Europe and the Pacific.

SELECTIVE SERVICE DIRECTOR CRITICAL SOME DEFERMENTS

HUNDREDS OF OWI WORKERS IN DRAFT AGE DEFERRED OR NOT CLASSIFIED

By WILLIAM F. ARBOGAST
WASHINGTON, March 22.—(AP)—Major Gen. Lewis B. Hershey, selective service director, told house members today he does not think some government agencies are setting the proper example in the matter of occupational draft deferments for their employees.

Testifying on the general subject of deferments which a military subcommittee is investigating, Hershey flatly replied "no" when Rep. Harness (R-Ind.) asked with respect to furnishing all available men to the armed services:

"Do you think some of these agencies are setting the example?"

Harness said 750 draft-age employees of the Office of War Information had been deferred by local boards and 127 OWI workers had not even been classified for the draft.

Asked by Chairman Costello (D-Calif.) if many government workers could be replaced by women or men over draft age, Hershey said there was no doubt about it.

Chairman Costello (D-Calif.), head of the five-man investigating committee, said he had been told the application of draft-deferred David Ginsburg, OPA general counsel, for an army commission, said the committee expects to obtain shortly from all federal agencies records on employees deferred because of their government work.

Costello said he had no idea how many male government workers could be replaced by women or men over draft age, but he believed they were numerous. Not always, he said, has the deferment been granted at the request of bureau heads, who are confused by the controversy over the Ruml plan and the administration tax collection bill, drawn by a majority of the house ways and means committee.

The tax debate begins Thursday. Rep. Knutson (R-Minn.) predicted 30 Democrats would join the Republicans to pass the skip-a-year proposal.

Rep. Disney (D-Okla.) said "we will have more Republicans voting against the Ruml plan than Democrats for it."

The house has 299 Republicans and 222 Democrats.

Ruml Plan Bill Introduced.
Rep. Carlson (R-Kas.), author of the "Ruml plan" bill, introduced the measure again today in a modified form, still providing for skipping a tax year, but putting in additional safeguards against "windfalls" through tax abatement and substituting the committee's 20 percent withholding levy mechanism for a similar system in the previous Ruml plan bill.

Meanwhile, the house passed a resolution extending from April 1 to June 30 the deadline for the Ruml plan.

RECEIVE SILVER WINGS—Included among the hundreds of new pilots graduated Saturday from the ten advanced flying training schools of the AAF Gulf Coast Training Center, receiving their silver wings and commissions as second lieutenants were three from Navarre County. They are left to right: Lieut. Van G. Elkins, 212 West Third Avenue, Corsicana (Lubbock); Lieut. George E. Gillen, Blooming Grove (Aloe Field, Victoria); Lieut. Cecil L. King, Angus (Aloe Field, Victoria). Sixty-six states, District of Columbia, Mexico, Alaska and the Canal Zone contributed members to this class, the largest ever turned out by the Gulf Coast Center. These pilot officers are now ready for the spring offensive sweeps over Europe and the Pacific.

No Butter Sales This Week as OPA Freezes Commodity

WASHINGTON, March 22.—(AP)—Go easy on the butter, boys and girls, it's all you get this week. Retail sales were halted by the government last night and will not be resumed until rationing starts next Monday.

Sales of margarine, lard and other edible fats and oils which will go under point rationing along with meats and cheeses next week also were frozen for the same period.

Restaurants are not affected by the order and many continue to obtain butter and the other foods from their wholesalers.

Mayonnaise and other salad dressings are not rationed and hence are not included in the sales freeze.

The Office of Price Administration said its sudden action was decided on because stocks now on hand are not large enough "to support heavy public buying during the one week remaining before rationing."

On Wednesday, OPA will announce the point values for the articles in the new ration list—meat, cheese, canned fish, fats and oils.

DEMOCRATIC PARTY LEADERS SEEK KEEP MEMBERSHIP IN LINE

PULANS LAID TO HEAD OFF DEMOCRATS AIDING RE-PUBLICANS ON RUMPL PLAN

By FRANCIS M. LE MAY
WASHINGTON, March 22.—(AP)—Democratic leaders began today a formal canvass of the party's house membership designed to head off a potential coalition of a segment of Democrats with Republicans that might spell house passage of the Ruml plan to skip an entire tax year in putting income taxpayers on a pay-as-you-go basis.

Rep. Ramspeck of Georgia, the Democratic whip, said many Democrats still have an open mind on the tax issue and some are confused by the controversy over the Ruml plan and the administration tax collection bill, drawn by a majority of the house ways and means committee.

The tax debate begins Thursday. Rep. Knutson (R-Minn.) predicted 30 Democrats would join the Republicans to pass the skip-a-year proposal.

Rep. Disney (D-Okla.) said "we will have more Republicans voting against the Ruml plan than Democrats for it."

The house has 299 Republicans and 222 Democrats.

Ruml Plan Bill Introduced.

AUSTRALIA IN MORE DANGER OF ATTACK

DECLARES OFFICIAL

GROWING CONCENTRATION OF ENEMY POWER ON FRINGE OF CONTINENT

(By The Associated Press.)
Australian Army Minister Francis Forde declared today that Japan was more determined to attack Australia than ever before as the range of Gen. Douglas MacArthur's bombing attacks emphasized the growing concentration of enemy power in the islands on the fringe of the continent.

"The allied victories in the Solomons, New Guinea and Bismarck Sea merely intensified Japan's determination to invade Australia," Forde said.

MacArthur's bombing attacks, growing more numerous northwest of Australia, centered on Cape Vandenbosch off Dutch New Guinea where bombs were dropped around two cargo vessels and a destroyer in convoy off Cape Horn.

Three small merchant ships and some barges were bombed and strafed. At Laogoneer in the Kai Islands, machinegun posts were silenced and two loggers damaged.

In the area northeast of Australia a Japanese destroyer was sent limping as a result of two bombs hits from an attack in the Solomon Sea. Other raids were made on Gasmata and Cape Gloucester, New Britain, and Madang and Finchhafen, New Guinea. Another enemy ship was left in sinking condition off Bougainville.

In Burma allied bombers continued their "milk runs" over Donabon on the Mayu peninsula north of Akyab, Rattahung in the same area, the airfield near Toungtha, Central Burma, and other targets, including a railway line in a gorge in the Katha district, but there was no change in the ground positions.

The Japanese admittedly caused some damage and casualties when they attacked an airfield at Peni in Bengal, India.

Two U. S. Soldiers Awarded Silver Stars

ALLIED HEADQUARTERS IN NORTH AFRICA, March 22.—(AP)—Two American soldiers, one of whom led a charge on a Japanese machine gun nest armed only with a pistol, today were awarded silver stars for gallantry in action by Lieut. Gen. Robert L. Sichelberger, commander of U. S. troops in New Guinea.

They were Private First Class "South Pacific" (All dates are East Longitude).

"On March 21st: (a) During the afternoon, dauntless dive bombers (Douglas), supported by Wildcat fighters (Grumman F4F) attacked Munda, on New Guinea Island, and Vila, in the Central Solomons. A supply area and an enemy gun position were hit."

"(b) During the evening, a force of Army flying fortresses (Boeing B-24) and Liberators (Consolidated B-24) attacked Japanese positions at Kahili, in the Shortland Island area."

Dive Bombers Raid Jap Supply Area And Gun Positions

WASHINGTON, March 22.—(AP)—American dive bombers, raiding Munda on New Guinea Island for the 98th time, struck a Japanese supply area and an enemy gun position, today, according to a day in a communiqué which told also of bombing raids on Vila and Kahili.

The Navy's communiqué No. 320: "South Pacific" (All dates are East Longitude).

ALLIED OFFENSIVE FROM SOUTH, WEST SMASHING AT ROMMEL

AMERICANS AND BRITISH STRIKE IN UNISON UNDER AIR PROTECTION

By CARL C. CRANMER
Associated Press War Editor.
American armored forces were reported within sight of Maknassy, only 52 miles from the coast, and the British Eighth Army was officially declared to be making progress in penetration of the formidable Mareth line fortifications today in a rapidly unfolding offensive from south and west to smash Marshal Erwin Rommel and drive the axis from Tunisia.

Striking in unison under a widespread canopy of planes which pelted at forts, gun emplacements and airfields, the Americans and British were driving to destroy the head of the axis in Southern Tunisia and possibly had forced Rommel to begin already the withdrawal of his German divisions.

With a swift attack which forced Italians to flee in such haste as to leave prepared meals of meat balls and spaghetti behind, the Americans had paved the way for a quick thrust across the Tunisian bottleneck by seizing Seneled Station yesterday, while the long-prepared offensive of Gen. Sir Bernard L. Montgomery was sprung against the Mareth line in the south on Saturday.

British Driven Back.
In the north, however, the British first army was driven from the station of Nefza, 47 miles south of the Mareth line, under an attack from the vital allied position at Djebel Abiad, where the intensified operations of German General Jürgen Von Arnim.

Signaling the start of the long-pending offensive, allied headquarters announced that Gen. Bernard L. Montgomery's forces were making satisfactory progress in their efforts to penetrate the tough defenses of the Mareth desert line from the south and that American troops in the Central Tunisian sector had scored several successes.

Heavy Artillery Fire.
Dispatches from the front said American infantry, under an advancing curtain of artillery fire, were driving the Germans back from the station of Nefza, 47 miles south of the Mareth line, where the intensified operations of German General Jürgen Von Arnim.

HITLER COMES BACK TO TELL PEOPLE OF RUSSIAN VICTORY

LONG SILENCE BROKEN IN WHICH HE REPORTS GERMAN LOSSES LIGHT

LONDON, March 22.—(AP)—Adolf Hitler emerged yesterday from a 133-day silence which had given rise to rumors of his illness or death to tell the German people that the Russian front had been surmounted, assure them their losses in war were relatively small, and yet admit that many parts of Germany "were in danger" as a result of incessant Allied bombing.

Veteran broadcast listeners, who have heard many of Hitler's speeches before, listened particularly intently to be sure it was the fuhrer speaking and said they were convinced it was his voice they heard.

In one of the shortest and most subdued speeches he has ever delivered the fuhrer told a German war-dead memorial day gathering at the Zeughaus (military museum) in Berlin, the fourth such assemblage since the war began, that 542,000 German soldiers had been killed since the start of the conflict.

(Premier Joseph Stalin has set the total of German dead on the eastern front at 4,000,000, and Germany's own admissions of losses in their entrapment and defeat at Stalingrad would appear to make Hitler's total figure for two years of war unduly low.)

Hitler told his people the army, despite its losses, was being rapidly strengthened by additional classes of service men and the return of wounded men who had recovered.

While again picturing Germany as the bulwark of Europe against an incursion from "inner Asia," he failed to repeat specific assurances of the smashing of the Russian armies, and produced nothing to match his declaration of March 16, 1941, that "England will fall."

CORSICANA, TEX., MAR. 23, 1943

FORGIVENESS

Some people are puzzled by prayers for forgiveness of enemies, and statements that we must forgive and live at peace with people who have abused us. How can we forgive enemies and fight with them at the same time?

The solution is easy enough for those who are clear about their aims and integrated as to their policies. We fight those who would destroy us as we would shoot the hungry wolf at the door. We kill them with as little consideration as we would the wolf. We imprison or execute criminals, and justly. It is imperative that they be put where they can do no further harm. The aim is not to be cruel, but to keep the world safe.

A wave of anger may carry a soldier through a skirmish—but it's the detached firmness about cleaning up the world that keeps him fighting on afterward. It's the detached firmness of holding fast to ideals of peace that keeps people working and sacrificing at home. Emotion is a blinding force. It's the clear, cold, deliberate aim of the hunter that gets the wolf with the first shot.

Most important is to keep our own self-respect—not to let our souls be soiled and our purposes weakened by the attitude of cruelty.

ART OF SLAUGHTER

One of the most horrible things about the Nazis is the orderly and efficient way in which they destroy human life. A recent order issued by a Nazi general in Serbia, for example, tells how neatly the bodies of their victims shall be disposed of "when a large number of persons have to be dealt with."

Burning bodies is ended because it is too much trouble. "In order to avoid unnecessary contact with the bodies, those who are shot are to be led directly to the edges of their graves; and in case of mass executions of hostages it is allowable to make them kneel with their faces toward the grave." The executioners are instructed to "aim for the heart or the head." After every volley, as the prisoners tumble into their graves, an officer fires a pistol shot into each of them to make sure that it is a thorough job.

The famous political executions of the French Revolution, by the guillotine, which Thomas Carlyle wrote of so eloquently, were nothing compared with current German efforts in that line. The executions now are not political, but racial, aimed at the destruction of undesired groups so that the more brutal groups shall inherit the earth. But fortunately this vast effort at mass murder is not succeeding. The killers are now being killed.

THE RED CROSS

Have you given your blood or your money to the Red Cross? If not, how about getting it done right away? With either blood or money you may save a life. Why not, if you can, give both?

Remember, too, that old Roman proverb that "He who gives quickly, doubles his gift."

The British people like meat as well as anybody, and get far less than we do. Most of them don't belly-ache or cheat about it.

Edgar A. Guest

The Poet of the People

PRAYER.
God bless our boys so far away
And keep them safe on land and sea.
Be with them through the night
And day
Where duty sends them out to be.

Guard all who ride in ships on high
And have their missions grim to do.
Let them come safely from the sky
From all who threaten and pursue.

Be with and comfort all in pain.
Grant them to live for happier days.
With victory bring them home again
To Freedom's cleaner, gentler ways.

And as the harsh days come and go,
Hear every true, devoted son
Pray: "As it is in Heaven, so
Upon the earth Thy will be done."

THE SECURITY PROPOSAL

Life after the war will not be what it was before. The announcement of President Roosevelt's new security plan, following closely on the publication of the Beveridge plan in England, makes this clear. Soldiers who experienced the depression from which employment for war purposes rescued the country will not be content, on their return, to be victims of a business slump. The President's proposal and the Beveridge plan recognize that something must be done about it. Just what can be done, further discussion will make clearer.

In the last war Lloyd George promised England's returned soldiers "a land fit for heroes to dwell in." This turned out to be just a campaign promise, about whose fulfillment nothing particular was done. The breach of faith did not help the solidity of England's post-war social structure. The United States can profit from the British.

THE RARE WORD

Most people who speak and write tend to fall into rather fixed verbal habits, using the same familiar words over and over again. Such procedure usually conveys the meaning but tends to put people to sleep. Sam Blythe of the old New York World used to avoid that by carefully inserting, in every article he wrote, one or two unusual terms. He figured that the reader, going along carelessly or dreamily, would suddenly stub his toe on those words, wake up and snap to attention.

It seems as if the shrewd Mme. Chiang Kai-shek, one of the most gifted of modern orators, must have heard of that recondite practice. She seems to count a speech incomplete unless it contains some term like "obtund" or "revalence" or "indehiscence." Her public usually manages to catch up with her after a painful bout with the unabridged dictionary, although it is still staggering a bit under the impact of that innocent-looking little word "cenote," as in "the cenote of learning."

People just couldn't guess what it denoted. They were amazed to find that it is "a natural underground reservoir of water."

SLICED BREAD

To slice or not to slice, that is the question. Bread sliced at the baker's has for years been the salvation of brides untrained in house-keeping. Its banishment in January filled them with dismay. While at least one company advertised unsliced bread with marks to show where the slicing should be done, even that was too hard for a good many people.

But under a later ruling sliced bread returns. Apparently there is now plenty of waxed paper, whose shortage was given as a reason for the original ban. At any rate the lifting of the prohibition should fill Americans with hope. There may yet be a come-back for the second cup of coffee.

The average American citizen doesn't know what "ideology" means, but has his suspicions.

WHAT A MAN, IF HE CAN DO IT!

Blooming Grove Garden Club Met On Last Monday

The Blooming Grove Garden Club met at the home of Mrs. Mollie McCormick on Monday afternoon, March 15th, with Mesdames J. H. Brooks and E. J. Glenn as co-hostesses. The president, Mrs. M. J. Kuykendall, called the meeting to order and held a short business session.

During the program features of the afternoon, Mrs. Nanel Holloway of Corsicana was introduced as the guest speaker, the subject of her discussion having been "Iris." Mrs. Holloway's contribution to the program was interesting and informative, and enjoyed by all present.

Poetic highlights were given by Mrs. Frank B. Taylor, who read "A Sheaf of Iris" by Grace Noll Crowell, "The Iris" by Phelps, and a selection on "Iris" from a Victorian Anthology by Steadman.

Mrs. Taylor used pointed azaleas as a decorative note in the McCormick home, and for the lace-aid refreshment table she chose a center decoration of a profusion of white gladioli, artistically arranged in green crystal, and complemented by green tapers in matching candelabra.

Mrs. H. Brooks presided at the silver service. Mrs. Frank Taylor served the salad course, and Mrs. E. J. Glenn served the cake squares laid in green, which further accented the St. Patrick's Day theme. Other table delicacies included smacks and pickles.

Ensign Betty Laris Corsicana Tuesday

Women in Corsicana and Navarro county between the ages of 20 to 36 inclusive, with two years high school education or a business education, will have the opportunity to enlist in the WAVES, SPARS, or Marine Corps Women's Reserve Tuesday, March 23, when Ensign Betty Laris of the SPARS visits this city, according to announcement Friday by J. Q. Edwards, yeoman 2nd class U.S.N.

Ensign Laris will be at the recruiting office at the postoffice between the hours of 1 p. m. and 5 p. m., where she will be glad to answer all questions and take applications.

Corsicana Corporal Wins Hero's Award

U. S. FIFTH ARMY, North Africa, March 19.—(Spl.)—Corporal Clifton E. Whitley has been decorated with the Silver Star for outstanding bravery in action. In November, 1942, in Morocco, Corporal Whitley, without regard for his own safety, made two trips and brought to safety the body of an enlisted man, and a wounded officer who was exposed to enemy fire.

Corporal Clifton E. Whitley is the son of G. D. Whitley, Corsicana, Texas.

Red Cross Workers To Display Quilt

A display window at the Mills Furniture Store featuring a quilt made by the Red Cross workers meeting at the home of Mrs. W. D. Cross, chairman, will be shown next week, beginning Monday, W. E. McKinney, civilian defense chief, warden, revealed Friday.

These workers make bandages and other articles for the Red Cross to be used by civilian defense in any emergency. The proceeds from the quilt sales, according to McKinney, are used to purchase blankets.

Information From Rationing Board

Farmers who wish to slaughter and sell or deliver meat will be required to secure a permit from the department of agriculture, stated Wilbur Wright, chairman of Navarro county war price and rationing board, Friday.

They will be required to collect points for meat sold, and must make a monthly report of their sales to the local ration board, he said. They are warned not to slaughter more meat than they killed during the corresponding period in 1941.

Farmers who make butter or lard will not be required to secure a permit from the department of agriculture, however, they will be required to collect points for the sale of butter or lard and such points to be turned in to the local board along with simple monthly reports.

At the start of the rationing program, retailers as well as sellers will be required to collect points for all meat, cheese, fats, etc., that they sell. During the first two weeks of the rationing program, retailers will not surrender points to their suppliers. This will supply dealer with a working capital of points for future operations, Wright pointed out. After this two weeks period, retailers can replace their stock with the use of points.

Wholesalers during the first two weeks of the rationing program will collect stamps from all users excepting retailers. Wholesalers will buy without surrendering points during the first two weeks.

Red Stamps. Red stamps are for meats and fats, explained Wilbur Wright, chairman of Navarro county war price and rationing board. Red stamp No. A will start on March 29 and end on April 30. Stamp B will start on April 4 and end on April 30; Stamp C will start on April 11 through April 30; stamp D will start on April 12 through April 30. Stamp E will start on April 25, the ending date to be announced at a later date.

One point red stamps are to be used for use by consumers. Stamps are to be used for the purchase of meat, cheese, butter, canned fish, margarine, etc., Wright said.

On Pound Basis. Point values are on a pound basis regardless of whether the article is fresh, frozen, cured, packed or sold in bulk. The red stamp is the point rationing plan and does not attempt to allow for any specific number of pounds.

A farmer who produces his own meat, or any other rationed commodity for his own family consumption does not surrender stamps Wright explained. If the farmer sells rationed commodities, he must deliver these stamps to his local ration board.

The above systems are the present plans which will be used when meat rationing goes into effect, he said. They may be changed at any time.

Shoe Rationing. A new amendment releases the following shoes from rationing if they have been completed, packaged and shipped from the factory before April 16, Wright stated.

Shoes with heels 1.5 inches high or less with open back, regardless of what materials are used in the sole or the upper part. The local board received a letter in which the OPA and OGD stated that they will join their efforts to make the "ride sharing" plan of workers more effective. Beginning on March 22, applicants for supplemental mileage will be required to form "share riding clubs" with three or more passengers, or show to the satisfaction of the local board that the person's work is such as to make the "share riding" impossible.

Mr. Farmer

Bring us your hens, frayers, eggs and sour cream. We will pay you the highest market price in cash.
C. L. McMANUS,
210 E. 5th Ave.

Angus H. D. Club In Business Session

The Angus Home Demonstration club met March 17 at the church in a regular business session. Eleven members and three visitors were present. The visitors were Mrs. D. L. Bonner, Mrs. L. G. Bonner and Miss Lillie Bonner. After the business meeting the members quitted.

The next meeting will be at the home of Mrs. Jack Reed on April 7.

CARD OF THANKS.

In this small way we wish to thank each and every one who was so kind and generous to us when our home was destroyed by fire. May God bless each and every one.

MR. AND MRS. SAM MOORE AND CHILDREN

Local IOOF Lodge Now Owns \$10,000 In U. S. War Bonds

Corsicana Lodge No. 63, IOOF, Thursday night purchased \$7,500 U. S. War Bonds, bringing the total U. S. War Bonds purchased by this lodge to \$10,000.

W. A. Chaffee, district deputy grand master, and others who attended the annual sessions of the Grand Lodge of Texas, IOOF, in Dallas early this week, made reports on the proceedings.

Goings and Comings Of Fairfield Folk

FAIRFIELD, March 20.—(Spl.)—Mr. and Mrs. Henry Childs of Pasadena visited his parents, Mr. and Mrs. H. J. Childs, over the weekend.

Wiley Coleman of Streetman, spent Saturday here.

Rev. D. L. Lewis and daughter, Naomi Ruth, of Dallas, visited here Saturday.

Mrs. Doris Ford of Dallas, visited her parents, Mr. and Mrs. John Hill, the past weekend.

Joe N. Parker of Pasadena visited here over the week-end and was accompanied home by his wife and son, Larry.

Mrs. Albert Campbell left Wednesday for a week's visit with her husband in Fort Knox, Ky.

Miss Mareda Shank of Galena Park, spent the week-end with Vanita Childs.

Mrs. C. L. Linnenberg and daughter, Johnnie Ruth, visited in Bedias over the week-end.

Mrs. E. P. Hughes and daughter, Vera Dean and A. A. Stroud visited in Galena Park over the week-end.

Mr. and Mrs. W. R. Day and Mrs. Paul C. Higgenbotham of Fort Worth, visited Mr. and Mrs. Alky Stroud recently.

Mrs. Jay Lancaster spent Monday and Tuesday with her sister at Joinville.

Mr. and Mrs. Eugene Hughes of Palestine and Mrs. Garfield Shanks of Waco visited their parents, Rev. and Mrs. N. N. Vincer Sunday.

Billy Bloxom of Madisonville, visited friends here Saturday.

Mrs. J. M. Bradley is spending the week with her husband in Houston.

Mr. and Mrs. Roger Donaldson of Houston, visited her mother, Mrs. T. R. Donaldson over the week-end.

Mr. and Mrs. Joe Parker and daughter, Frances, of Grand Prairie spent the week-end here.

L. T. Kay and Mrs. Gladys Ray and daughter, Evelyn, visited in Austin last Thursday and Friday.

NAVARRO-HILL SOIL CONSERVATION AREA FISH MANAGEMENT

The Navarro-Hill Soil Conservation District is sponsoring four meetings on Fish Management, conducted by Mr. Homer Townes, Regional Biologist of the Soil Conservation Service.

These meetings will be held at the following places and dates:
Monday, March 22nd, 2 p. m., R. L. Harris farm, three miles southwest of Corsicana on Highway 31. If weather is unfavorable this meeting will be held at the Chamber of Commerce, Corsicana.

Monday, March 22nd, 8 p. m., City Lake, Frost. If weather is unfavorable this meeting will be held indoors.

Tuesday, March 23rd, 10:30 a. m., John Buck farm, Kerens. If weather is inclement, meeting will be at Kerens High School.

Tuesday, March 23rd, 2 p. m., L. C. Boswell farm, one-half mile south of Harry, alternating meeting place at Barry High School.

All persons interested in fish for sport or food are cordially urged to attend. Problems of pond size, recommended species, stocking rates, securing of fish and fertilization of tanks and ponds will be discussed. Emphasis will be given to fish production in small tanks and ponds. This program assumes added importance in the present drive for increased food production.

Former Freestone Minister, Legislator Was Buried Friday

FAIRFIELD, March 20.—(Spl.)—Rev. George White, aged 93, died at his home at Dew Thursday night, March 19, after a long illness. Funeral services were conducted at the family home Friday afternoon with Rev. H. L. McKissock officiating, assisted by Revs. W. R. Miller, R. L. Eby, C. E. Stanley and W. R. Walker.

Burial was in the family cemetery at Dew, with the following grandsons acting as pallbearers: Ray, Minyard and Randolph White; Alton Wilbank, Rupert Ayers and John Compton Webb.

White was born in Russell county, Alabama, March 12, 1849, and came to Texas and settled in Freestone county in 1878.

Mr. White represented Freestone county in the 21st and 22nd legislatures and in 1894 he was ordained to the ministry and served in various Baptist churches over the county and organized Corinth church at Dew. He was the last charter member living.

He is survived by the following children: Mrs. Bannie Wilbank, Mrs. Wilton Ayers, Mrs. John Nash, W. A. and Walter White of Dew; Mrs. Clyde Webb of Madisonville, Compton White of Teague, and Mrs. Edgar Lane of Wichita Falls; one brother, A. H. White of Dew; nine grandchildren and 22 great-grandchildren.

Blooming Grove Man Is Now Lieutenant

BLOOMING GROVE, Tex., Mar. 20.—Willie O. Griffin, son of Mr. and Mrs. Rufus Griffin of Corsicana, has been commissioned as a second lieutenant in the infantry corps following his graduation from Officers' Candidate school at Fort Benning, Ga. He is now stationed at Camp Wolters.

A native of Purdon and a graduate of Blooming Grove High school, Lieut. Griffin, accompanied by his wife and parents, visited in Blooming Grove this week.

CARD OF THANKS.

We wish to take this method to thank the neighbors and friends for the nice dinner and the flowers; also the nurses at the hospital for their kindness in our sorrow.—MRS. C. E. KING, MR. AND MRS. OSCAR KING, MR. AND MRS. TYSON KING, MR. AND MRS. HOMER KING.

Need \$1,000 Daily To Meet Deadline Red Cross War Fund

Contributions to the American Red Cross War Fund in Navarro county lag and if the quota of \$19,800 is reached by the deadline of April 1, approximately \$1,000 daily will have to be received, according to Wallie Levy, county campaign chairman.

"To date \$10,813.73 has been accounted for through my office, leaving \$8,986.27 to be collected," Levy said.

It is evident that the numerous committees both in the city and county have made no report or only partial reports and much money must have been secured that has not been officially reported," he said.

Pointing to the liberal response to the Red Cross call made by officer and enlisted personnel of the 301st AAFPTD, Corsicana Field, with contributions totaling \$693.50, Levy said that if the civilian population of the county would contribute as liberally as these men in uniform the county quota would be met.

Levy said that the above forces do not include the civilian employees of Air Activities but only army personnel and is contributed out of army pay.

"The boys in uniform are preparing themselves for combat duty in the many theatres of war throughout the world—where they will risk their lives daily that the people at home may continue to live in freedom—yet added to their personal sacrifices they contribute freely of their money to the Red Cross—something some of us here at home have not done so far," the chairman said.

Home Boys. "Another thing that should be considered in making your contribution to the American Red Cross War Fund," Levy said, "is the fact that thousands of Navarro county boys are in the armed forces of the United States and of this number several Navarro county boys are in enemy prison camps. Your contribution to the Red Cross is direct aid to these men—who would consider value in dollars as compared to the risks and sacrifices these men take and make each day as a matter of routine."

Levy said he felt confident the citizenship of Navarro and Navarro county would meet their personal responsibility in this campaign.

Must Reach Quota. "Our people are just as patriotic and loyal as those of any other community and I am placing my bets clear across the board that they will come down the home stretch with colors flying, the \$19,800 in the bag—and then some," he predicted with confidence.

The contributions of the officers and enlisted men at Corsicana Field cannot be a part of the Navarro county quota but will be handled in addition to the chapter's quota. Contributions of the civilian employees of the field will be applied to the county quota, Red Cross officials stated.

Arnold Was Named Full General by President Today

WASHINGTON, March 19.—(P)—Lieutenant General Henry H. Arnold, commander of the Army Air Forces, was nominated by President Roosevelt today for promotion to the rank of full general.

Arnold holds the permanent rank of major general, and he will rank as a full general temporarily, during the period of war.

Promotions of three flying officers at Corsicana Field, Air Activities of Texas, were revealed Friday by Lieut. A. S. Key, public relations officer.

NEPHEW CORSICANA WOMAN DECORATED FOR AIR FIGHTING

Second Lieut. Tom L. Cox, Jr., of Mexia, has been awarded the silver medal for meritorious achievement for participating in aerial fights in the New Guinea area during the spring and summer of 1942 by Lieutenant General George C. Kennedy, commander of the Allied Air Forces in the Southwest Pacific.

Lieut. Cox is a nephew of Mrs. W. P. Brown of Corsicana. He was born at Richland and attended New Mexico A. and M. College. His late father at one time served as Navarro county commissioner.

The following communication was received by Lieut. Cox's mother:

"Recently your son was awarded the Air Medal. This award was made in recognition of his courageous, fearless service to his combat organization, his fellow American airmen, his country, his home and to you."

"Your son was decorated for meritorious achievement while participating in aerial flights in the Southwest Pacific area from May 13 to October 27, 1942."

"He participated in more than twenty-five operational flight missions during which hostile contact was probable and expected. These flights included interception missions against fighters and bombing planes and aided considerably in the recent successes in this theater."

"Almost every hour of every day your son and some of other American mothers, are doing just such things as that here in the Southwest Pacific."

"There is a very tangible contribution to victory and to peace. I would like to tell you how genuinely proud I am to have men such as your son in my command and how grateful I am to know that young Americans with such courage and resources are fighting our country's battle against the aggressor nations."

"You, Mrs. Cox, have every reason to share that pride and gratification."

"Very sincerely,
"GEORGE C. KENNEDY,
"Lieutenant General,
"Commander."

PROJECTS 4-CLUB BOYS HANDICAPPED BY BAD CONDITIONS

A recent visit with the 4-H Club boys feeding registered Duroc and Poland China gilts reveals abnormal conditions beset their enterprises, according to L. I. Bennett, assistant county agent.

The repeated freezes with dry weather has deprived many of the boys of much needed green pasture at a time when most of the gilts are farrowing or approaching farrowing time.

Added to the pasture handicap is the protein supplement shortage. Most boys report that it is impossible for them to find commercial protein. Many of the boys are resorting to home produced substitutes, largely wheat from the kitchen and skimmed milk.

Where it is available, small quantities of cotton seed meal, soybean meal, or peanut meal mixed with shorts or bran is serving as a substitute in some cases.

All the gilts have grown out nicely and will show a weight average of approximately 230 pounds.

Two breeding circles are in operation in Navarro county. One is sponsored by Sears Roebuck and company and the other by the business men of Corsicana in cooperation with the Chamber of Commerce and the Extension Service of the A. and M. College. A total of twenty-three gilts and two males were given 4-H club and FFA boys last year and it is hoped that this number will be increased in May of this year to a total of thirty girls.

Personal
Mr. and Mrs. Jim Mack French of Eureka were Corsicana visitors Saturday afternoon.

Carrie Bess Gray Becomes Bride of Kirk J. Kenyon

On interest to Corsicana friends is the announcement of the wedding of Miss Carrie Bess Gray, daughter of Mr. and Mrs. Clyde Gray, to Kirk J. Kenyon, son of Mrs. Made Kenyon of Fort Worth, which was solemnized on Saturday afternoon at 4 o'clock at the home of the bride's grandmother, Mrs. T. H. Robinson on North Nineteenth street.

Rev. W. R. Hall read the impressive single ring ceremony before an improvised altar fashioned of pedestal baskets of white gladioli, with white satin ribbon accents, silhouetted against a background of formal greenery. Illuminating the scene were glowing white tapers in floor candelabra.

The bride wore a dusty pink wool suit, with powder-blue blouse, navy accessories, and an orchid for floral charm. For the traditional "something borrowed," the bride wore a diamond bar pin belonging to her mother.

Music was furnished by the bridegroom wearing black crepe with corsages of white carnations, and the bride's grandmother wore black crepe with corsage of gardenias.

Reception Is Held
For the reception which followed the ceremony, the bride's table was laid in lace, and adorned with a profusion of white carnations and candytufts, highlighted with a satin bow and streamers. The sat-in-laid wedding cake which was garlanded with white sweetpeas and feathery fern, was topped with a miniature bride and groom. Delicious fruit punch was served from a crystal service, and guests helped themselves to dainty sandwiches and individual cakes.

The bride graduated from Corsicana High School and is a student at Texas Wesleyan College in Fort Worth, where she is majoring in music and business administration. The bridegroom graduated from Carrollton High School, Mr., and is now an inspector at Consolidated Aircraft Corporation at Fort Worth.

After a short wedding trip, Mr. and Mrs. Kenyon will be at home in Fort Worth, where Mrs. Kenyon will continue her studies at Texas Wesleyan College.

Out-of-town relatives and friends in attendance at the wedding were Misses Etta Bell, Robinsons of Magnolia, Ark., and Sara Robinson of Mt. Pleasant, Mrs. T. H. Bonner of Fairfield, and Miss Lorraine Spivey of Houston, a Texas Wesleyan classmate of the bride.

Justice Court.
One was fined on a speeding charge and another for operating a truck without commercial license by Judge A. E. Foster.

One was fined on a speeding complaint by Judge Hayden Paschall.

One was fined for operating a car without a commercial license and three on highway rule infractions during the week end by Judge Hayden Paschall.

One was fined by Judge A. E. Foster on a charge of operating a truck without commercial license.

Three Corsicana Field Officers Given Promotions
Promotions for three officers at Corsicana Field, Air Activities of Texas, were revealed Monday morning.

Second Lieuts. J. L. Keel, Paul M. Spencer and Allen S. Key were promoted to the rank of first lieutenants.

Lieut. Keel is in charge of physical training. Lieut. Spencer is post adjutant while Lieut. Key is intelligence and public relations officer.

Five Corsicana Boys Were on Honor Roll
AUSTIN, March 22.—(Spl.)—Engineering students at the University of Texas were "plugging" last semester if the honor roll just released by Dean W. R. Woolrich is any indication—225 students are listed—five from Corsicana.

They are: Charles A. Deveny, Henry E. Haley, Joe M. Daniel, John W. McAdams and James A. Wilkinson.

The honor roll lists top-ranking students in all fields of engineering—civil, chemical, electrical, architectural, aeronautical, petroleum, and mechanical.

Demonstration of Chair Seating By Club
Continuing with the demonstration of chair seating, the Barry Home Demonstration Club, met Thursday, March 18, at the home of Mrs. Bill McGraw. Several chair seats were woven with Hong Kong grass and the process proved to be very interesting.

After a short business session, refreshments were served to sixteen members, Miss Vera Sneed and two visitors, Mrs. Iris Varnel of Barry and Miss Minnie MacGrubbs, district agent.

The next meeting will be April 1 at the home of Mrs. R. E. McCarty.

White Selectees to Take Examinations
A contingent of prospective white selectees were sent to Dallas Monday morning for final physical examinations from Navarro county draft board No. 1. Several will be sent to Camp Wolters Wednesday for induction.

Several whites will go to Dallas Tuesday for final physical examination from Navarro county draft board No. 2.

Bazette P.T.A. Met On Last Wednesday
Bazette Parent Teacher Association met Wednesday afternoon with several members present. Several schools have sent an acceptance to the meet to be held on April 1. Members decided to give defense stamps as first prizes. Everyone is asked to bring a lunch. Popcorn, candy and soft drinks will be served. Everyone is invited.

Class 43-G Goes To Majors Field
Class 43-G, Corsicana Field, Air Activities of Texas, completed its primary training here during the week end and has reported to Majors Field, Greenville, for basic instruction. First Lieut. Allen S. Key, public relations officer, stated Monday morning.

NEWS FROM OUR BOYS

Sgt. W. D. McCreary spent the week-end here with his wife.

Pvt. Henry L. Marr has returned to Waco after visiting his parents Mr. and Mrs. J. G. Marr, 702 West Second Avenue. He has been in the army since October 1942.

Cpl. Ralph L. Metcalf, a member of a bombardier squadron, has been promoted to the grade of sergeant at the army air forms bombardier school, Big Spring, Texas.

Aviation Cadets Thomas R. Soape, 912 South Fifteenth street, and E. P. Watkins, Jr., 1590 West Fourth Avenue, have been advanced from pre-flight training at San Antonio cadet center to army air forces primary flying fields.

Finis Tate Lindsey, Jr., 20, son of Mr. and Mrs. F. T. Lindsey, 1594 West Fourth Avenue, has arrived at the infantry replacement training center, Camp Wolters, Texas, to begin his basic training as an infantryman. He has been assigned to a battalion stressing specialist training.

Word has been received from Terry E. Fluker, Jr., by his father Terry E. Fluker of Corsicana, that he has been serving in New Guinea for the past six months and is well and happy. He has been promoted from private to sergeant.

Corporal Arthur A. Melton and wife have returned to Waco after a two-day visit with Corporal Melton's parents, Mr. and Mrs. A. J. Melton of Pickett Corp. Melton is located at the Waco Blackland Flying School. He enlisted in the U. S. air forces last September.

Married at Court House.
Elmer Hagie and Josie Wood, both of Corsicana, were married at the court house Friday afternoon by Judge Hayden Paschall.

Fertilizer Is Available for Victory Gardens

Victory gardeners may plan their vegetable plots with reasonable assurance of a fair supply of chemical fertilizer, Miss Vera Sneed, county home demonstration agent. With this, families with suitable soil would need little urging to grow at home as large a part as they can of the green vegetables they will need for the table, and for canning storage and freezing.

A single 3-8-7 mixture is being sold in packages of from five to 100 pounds. The mixture supplies 3 per cent of nitrogen, eight of phosphoric acid, and 7 per cent of potash. Use of this mixture is restricted to growing food. It will not be sold for use on lawns or for planting ornamental shrubs or flowerbeds. Because it is to be used only for growing food, gardeners should be careful not to waste the fertilizer.

Miss Sneed recommends applying the special victory garden fertilizer at the rate of three pounds to each 100 feet of row space. Mix thoroughly with the soil before planting the seed. When ready to plant, open the seed row and plant immediately before the soil in the furrow dries out.

Barnyard manure, if it can be obtained, is the most reliable garden fertilizer because it improves both the fertility and the physical condition of the soil. Leafmold, compost, or mulch material turned under, also will supply humus and help the soil to hold water for plants.

HELPS PREVENT COLDS From Developing
At the first sneeze, sniffle or sign of nasal irritation, put a few drops of Vicks Vapo-rinol up each nostril. Its quick action aids nature's defenses against colds. Follow directions in folder. **VICKS VAPOROL**

Recent Kerens Bride Tea Shower Honoree

KERENS, March 22.—(Spl.)—A tea and miscellaneous shower given Saturday afternoon at the home of Mrs. Lon Holt complimented Mrs. I. B. Williams, a recent bride. Mrs. Williams is the former Mary Elizabeth Daniel, Mrs. C. I. Coates, Mrs. Jack Fite, Mrs. J. E. Simmons, Mrs. Vernon Bruner and Mrs. R. H. Mays were co-hostesses.

Mrs. Holt greeted the guests and presented the honoree, who was gowned in an aqua crepe dress with a corsage of pink carnations and white baby breath. Others in the receiving line were Misses Erin and Carrie Daniel, sisters of the bride, and Mrs. R. S. Daniel of Athens.

Throughout the house were arrangements of peach blossoms and primroses. White candles in crystal candelabra lent a soft glow over the clusters of pink gladioli and white snapdragons, which centered the refreshment table. Feasting alternately at the silver tea service were Mrs. W. B. Coates, Mrs. Lella Daniel and Mrs. J. E. Simmons.

Mrs. Mary Frances Weedin was in charge of the bride's book, where 55 guests registered.

Mrs. Williams has taught school in the Austin public schools for the past several years. Her new home is in Montague, Texas. Mr. Williams being county superintendent of Montague county.

Cotton Is A Wartime Necessity

Cotton is second only to steel as the most vital war material, since it produces Feed, Food, Raiment and Munitions. We are now engaged in a serious war. It will no doubt be a long and costly war. Our country stands in need of maximum production in all feed and food crops. Food has become part of the grand strategy of winning this war, and we cannot win without Food—nor can we produce Food without Feed.

We are already in the midst of a serious protein shortage that threatens our dairy and livestock industry, not only locally, but throughout the country. Oil mills have produced more cake, meal and hulls this season than last season, sold all they produced, and are now crushing a large volume of soybeans from the Middle West to relieve the present crisis. Only immediate action by our farmers to plant all the cotton they are permitted to plant will prevent a more critical shortage of protein concentrates next fall and winter.

Navarro County has an allotment of 161,921 acres for cotton in 1943 and the secretary of agriculture has recently ruled you can plant ten per cent additional without penalty, therefore, every farmer should now plant 110 per cent of his cotton allotted acres, thus meeting the demands of our country for these vital war materials.

We can supply a limited amount of seed soybeans grown in Arkansas, which has proven to be the best variety for this section, and we hope many of our farmers will plant enough to make a test as to whether or not they can be grown successfully in our county.

Let's plant a full acreage of all feed and food crops, produce all we can while we can, and like Joseph of the long ago, we will have a much needed surplus when the drouth comes.

SOUTHLAND COTTON OIL CO.

CORSICANA, TEXAS

DRAINAGE PROJECTS EXPECTED INCREASE CROPS PRODUCTION

FORT WORTH, March 22.—(AP)—Approval of 17 drainage projects in Arkansas, Texas, Louisiana and Oklahoma, expected to increase war crop yields on poorly drained but fertile cultivated lands, was announced today by Louis P. Merrill, regional conservator of the department of agriculture soil conservation service.

One hundred ninety farms covering 21,161 acres are in the projects. The work will require an average of 49 days for completion and thus make a large portion of the benefits felt in this year's crop production, Merrill said.

Local labor and labor machinery will do the work.

Merrill said farmers in the projects estimated that yields would be increased each year on the 190 farms by:

- 982 bales of cotton, including long staple varieties; 47,745 bushels of corn; 22,675 bushels of soybeans; 9,450 bushels of oats; 830 tons of alfalfa hay; 566 tons of other hay; 206 tons of grain sorghums; and more than 450 tons of truck crops.
- More than 450 tons of truck crops.
- Feed crops, in turn, can be used in the production of thousands of pounds of milk, beef, and pork.
- Estimated annual value of the increased production is \$199,514.

Approved projects are:

- Arkansas:** Tri-River Soil Conservation district, Tupelo Creek Ditch, Pocahontas—47 farms covering 2,000 acres; Tri-River Soil Conservation district, Clover Bend, Pocahontas—22 farms covering 900 acres.
- Louisiana:** South Crowley Ridge Soil Conservation district, Forrest City—4 farms covering 536 acres.
- Upper West River Soil Conservation district, Shreveport—4 farms covering 1625 acres;**
- Upper West River Soil Conservation district, Mansfield, Project 1—6 farms covering 450 acres;**
- Upper West River Soil Conservation district, Mansfield, Project 2—4 farms covering 600 acres;**
- Upper West River Soil Conservation district, Natchitoches—5 farms covering 1700 acres;**
- Grand Coteau Ridge Soil Conservation district, Opelousas—10 farms covering 640 acres;**
- Saline Soil Conservation District, Coushatta—6 farms covering 1300 acres;**
- Northeast Soil Conservation District, Delhi—4 farms covering 1200 acres;**
- Northeast Soil Conservation district, Bastrop, Project 1—10 farms covering 875 acres;**
- Northeast Soil Conservation district, Bastrop, Project 2—6 farms covering 275 acres;**
- North east Soil Conservation district, Bastrop, Project 3—6 farms covering 1600 acres.**
- Texas:** Davy Crockett—Trinity County Soil Conservation district, Crockett—4 farms covering 2730 acres;

HEALTH, BEAUTY AND POISE

HOW TO IMPROVE YOUR PERSONALITY

By VERONICA DENZEL

LACE FOR ALLURE.

Is there anything in the world more glamorous and flattering than black lace? Even for a girl as beautiful as Donna Reed (MGM feature player, now appearing in

Black lace is stunning.

"The Human Comedy") the sheer, charmingly face of this exquisite black lace adds allure to her appearance. Blondes or brunettes can take this beautiful fabric to great advantage—and it is devastating for the red head as well.

Talking about red heads—in church last Sunday I noticed the girl in front of me who had beautiful red hair arranged most attractively. Elop she was wearing a little skull cap of gold velvet trimmed with a feathery arrangement of bronze and green. Her coat was of green—a lovely soft tone, with a pale honey colored fox collar. I thought how much

same green as her coat. But the gold color was brighter than her hair—and detracted from its beauty. To accent something, there—never have something else close to it that is more compelling to the eye than the feature you wish to bring out! This is a simple but most effective principle to apply in make-up or clothes choice. Do remember it.

All requests for person "Health and Beauty" information desired by Veronica Denzel's column followers must be accompanied by a fully self-addressed stamped envelope (A.S.A.) addressed Veronica Denzel in care of the magazine.

District, Huntsville—4 farms covering 1,050 acres.

PACIFIC WAR

CONTINUED FROM FIRST PAGE

Julius Aschenbrenner of Pinckney, Mich., and Technician Floyd J. Nichols, 331 Arcadia Place, San Antonio, Texas.

Aschenbrenner's award resulted from an action near Buna Nov. 11, and the citation said:

"With utter disregard of his own personal safety Aschenbrenner, having discovered an enemy machine gun, voluntarily advanced with several riflemen under heavy fire in an attempt to put the gun out of action. Being a member of a light machine gun section, Aschenbrenner's only weapon was a 45-caliber pistol. He was of great assistance to the riflemen in completing their mission of destroying the emplacement."

Nichols won his award in action in the Tappan area of New Guinea Oct. 29 during a heavy bombing by the Japanese. He was called on to administer first aid to three severely wounded soldiers lying on the ground when the enemy planes returned to attack again.

"With utter disregard for his personal safety Nichols placed the patients in a slit trench," the citation said. "After the raid was over he returned them to the cots and continued first aid treatment."

Survive Crash in Sea.

SOMEWHERE IN NEW GUINEA, March 21.—(Delayed)—(AP)—Two second lieutenants whose bomber crashed in the water north of Buna a few days ago are recovering from severe sunburn in a hospital and will be flying again soon.

They are Howard G. Eberly, Oregon City, Ore. co-pilot, and John M. Dawson of Coral Gables, Fla. bombardier. Apparently they were the only members of the crew who made shore, although they knew of two others who got out of the bomber after it hit the water nose first at more than 100 miles per hour and, as Dawson said, "sank in five seconds."

Eberly and Dawson said they kept "perfectly still" when sharks

INTERNATIONAL

CONTINUED FROM FIRST PAGE

had crossed "some of the greatest natural military defenses in the world in a dawn-to-dusk thrust yesterday from El Guetar. This

lunge through the hills placed forward elements less than 70 miles from the Port of Gabes.

Capturing from 1,000 to 1,400 Italians, the Americans under command of Lieut. Gen. George S. Patton, Jr., were reported dashing on toward Gabes, where they would throttle Marshal Rommel by blocking his supply lines.

Other dispatches said the American armored and motorized infantry teams were progressing in a three-pronged drive from Gafsa, with one of the other columns approaching Maknassy, northeast of El Guetar and only 55 miles from Mahares, on the coast north of Gabes.

The Algiers radio said American troops had taken the village of Bou Hamam, apparently the same Bou Hamam, eight miles east of El Guetar.

Violent Offensive.

The Italian high command said that allied forces on both the southern and central fronts started a "violent offensive" yesterday after intense artillery preparation and that at least seven persons were injured in a raid on Naples by heavy bombers Saturday night.

The finger-like American columns apparently were nearing the point where they could control all the important passes in the area immediately north of the Chof; Ujerd salt lake ready to fan out on the coastal plains. The way had been opened for the drive by the capture of Seneo, 28 miles east of Gafsa.

Russia's Red army was engaged in a fierce defensive battle in the south, where it admitted it had given up Belgorod, 50 miles northeast of Kharkov and was still engaged by steadily reinforced German troops in the Chuguev area, 22 miles southeast of the Ukraine city.

The Germans already had claimed the capture of Chuguev, and were throwing more of the infantry and tanks into the battle in an effort to breach the Russian's Donets river line.

Nearing Smolensk.

Driving west and toward the central front offensive, the Russians claimed to be within less than 60 miles from Smolensk and only 40 miles from Bryansk. They announced the capture of Dnyovo and Vading, almost half the distance from Vyazma to Smolensk, and the repulse of German attacks at Zhidra, north of Bryansk.

The Russians also announced the storming of fortified positions south of Lake Ilmen, and the revival of activity in the Caucasus where the Red Army has been mud-bound for weeks.

In his first public address since has armies begun losing before Stalingrad last November, Adolf Hitler on Sunday declared the crisis on the Eastern front had been successfully bridged and that German arms were not taking measures which would result in eventual victory.

Churchill Conservative.

In his world-wide broadcast a few hours later, Prime Minister Churchill reportedly suggested that the allies might win their war over Hitler in 1944 or 1945—he did not mention the possibility of victory this year.

The air war over the week-end was marked by forays by RAF Whirlwinds against the Morlaix viaduct in Brittany, France, and attacks on 14 freight trains, and by Berlin radio admissions that 60 per cent of the houses at the naval U-boat base at St. Nazaire in France had been demolished by two bombings by the RAF and Americans on Feb. 16 and 28. Stockholm dispatches said 30,000 Berliners were homeless as a result of the bombing of March 1 and that 2,000 were killed.

To Permit French to Man Guns.

LONDON, March 22.—(AP)—The German-controlled Paris radio reported today the Vichy government had decided to recruit Frenchmen for anti-aircraft units to aid the Nazi army of occupation

against Allied air raiders. Volunteers will be exempt from compulsory labor service in Germany, said the broadcast, recorded by The Associated Press.

Viaduct Damaged.

LONDON, March 22.—(AP)—British Whirlwind bombers damaged the important railway viaduct at Morlaix in Brittany, scoring several hits and starting a fire as the RAF continued its attacks on German communications in France over the week end, the air ministry announced yesterday.

All the Allied planes returned. The Berlin radio, in a broadcast recorded by The Associated Press, said last night the two recent heavy Allied bombings of the Nazi submarine base at Saint Nazaire had demolished 60 per cent of the houses in the French port town and left another 20 per cent uninhabitable.

Stockholm sources reported the huge Allied bombing blow at Berlin March 1 had left 20,000 Berliners homeless and declared that a direct bomb hit had been scored on the sprawling stone building which houses Field Marshal Goering's air ministry.

German War Machine Strong.

LONDON, March 22.—(AP)—The German war machine shows no sign of critical weaknesses despite the batterings of the past four months, authoritative British circles reported today.

These sources, which may not be further identified, said they had made an over-all survey of the German military, industrial and morale situation as it had been affected by defeats in Russia and the unrelenting British and American bombing.

Each separate line of investigation, they said, led to these same conclusions:

1. Germany shows no signs of cracking.
2. Nazi positions apparently are strong enough to preclude any likelihood of an early end of the war.

3. Hitler's machine will function right until the day, perhaps even the hour, when it goes dead.

Nazi Ambassador to Spain Dies.

LONDON, March 22.—(AP)—The Berlin radio in a broadcast recorded by The Associated Press, reported today that Dr. Hans Von Moltke German ambassador to Spain, died this morning in Madrid, where he underwent an operation earlier this month for an ulcerated appendix.

Von Moltke was appointed to his post in Madrid last January 1. Von Moltke was sent to Madrid last Jan. 1 as part of a reshuffle of the German diplomatic service

ALLRED

CONTINUED FROM FIRST PAGE

S. Chandler, Jr., of Oklahoma City, as federal judge in Oklahoma's Western district.

Senator O'Daniel and Louisiana Senators Overton and Ellender all opposed Allred's nomination.

In a statement last week O'Daniel described Allred's nomination as "a deplorable mess, which I predict will make the Ed Flynn case smell as fragrant as a rose, comparatively speaking."

Allred denied the charges of a "deal," declaring he got no encouragement whatsoever from the president during the election campaign.

Says Should Withdraw It.

Informed of the committee's action, Overton suggested that the president should withdraw the nomination and send another to the senate. He said it is important the vacancy be filled soon.

The entire Louisiana congressional delegation opposed the nomination on the grounds it would give Texas two seats on the circuit court and Louisiana none. Other Allred opponents argued that Louisiana should have representation on the court because of that state's peculiar Napoleonic code of civil law and because Allred was named to fill a vacancy created by the death of Judge Rufus Foster of New Orleans.

Overton and Ellender had recommended Louisiana Supreme Court Justice Archie T. Higgins for the post. Attorney General Biddle, testifying before a subcommittee, said he had asked Lemann, New Orleans attorney, if he would accept the post and that Lemann had declined.

The attorney general said equal geographical representation on the bench was important, but that of all the candidates for the post Allred was the best qualified.

which was interpreted abroad as reflecting Adolf Hitler's dissatisfaction with the degree of collaboration being obtained from Spain, as well as from Sweden and Japan, where the German envoys were replaced at the same time.

Germans Fight Each Other.

LONDON, March 22.—(AP)—A revolver fight between two groups of German soldiers in a Paris movie house in which 27 nazis were killed and 70 wounded was reported today by Bernard S. Townroe, secretary of the United Associations of Great Britain and France.

Addressing a meeting at Spaon College, he said the fight occurred about two months ago between German troops stationed at Paris and troops reportedly on leave from the Russian front.

CHURCHILL

CONTINUED FROM FIRST PAGE

been awaiting a decisive clash for days.

Peace Prospects.

Of peace prospects, he said: "Speaking under every reserve and not attempting to prophesy, I can imagine that some time next year—but it may well be the year after—we might beat Hitler, by which I mean beat him and his powers of evil into death, dust and ashes."

Then, he said, the Allies would turn immediately to "punish the greedy, cruel empire of Japan." Axis radio commentators in their first reactions dwelt heavily on the prime minister's warning that the war might be a long one, and the German-controlled Paris station declared Churchill painted "a somber picture of the post-war world."

NEWS FLASHES

Bad News for Nazis

The results of American and British air attacks on Germany are certainly bad news for the Nazis. Continued bombing has destroyed huge numbers of factories and homes, giving a Germany a real taste of the destructive effects of aerial warfare with promise of more to come.

Promise yourself the advantage of physical fitness—then take proper steps to keep fit. A periodic health check-up by your doctor is a good way to assure your physical well-being!

Miss Judy Massey, Capt. John Buie Wed Here Sunday

The marriage of Miss Judy Massey and Captain John H. Buie, United States Army Air Forces, which took place on Sunday afternoon at 2 o'clock at the J. C. Buie home in Jester Place, had an outstanding place on the calendar of social events for the season. The bride is the daughter of W. H. Massey of San Angelo, and the bridegroom is the son of J. C. Buie of this city.

The single ring ceremony was performed by Rev. C. W. Hall of Austin, before an improvised altar fashioned of white gladioli and snapdragons, against a contrasting background of palms, and illumined by scores of tapers flickering in gold floor candelabra.

The wedding music was played by Mrs. S. K. Brieze, and the nuptial song, "I Love Thee" was sung by Mrs. Joel Trimble. Miss Brieze was gowned in blue crepe with a corsage of pink carnations, and Mrs. Trimble was wearing a beige suit with Dutch iris corsage.

The bride, given in marriage by her father, wore a smart tailleur of blue, with a white bolero jacket, and contrasting accessories, and her bouquet was a cascade arrangement of gardenias encircled with fluffs of tulle.

Bride's Attendants.

The bride's attendants included her sisters, Mrs. Cecil Kelly and Miss Wilma Massey of San Angelo, and Miss Caroline Buie, sister of the bridegroom. Mrs. Kelly wore blue crepe with contrasting accessories, Miss Massey wore a lavender suit with contrasting accessories, and Miss Buie was wearing a yellow suit with brown accessories. The attendants wore identical corsages of Dutch iris and Souvenir roses.

W. Buie served his brother as best man, and Lt. Harold Massey of Mission was a groomsman.

Mrs. J. T. Gillespie, grandmother of the bridegroom, was gowned in blue crepe with corsage of pink carnations.

A reception was held immediately following the ceremony. Decorative notes of the home were artistic arrangements of pink and white snapdragons. In the dining room white snapdragons, stock and calla lilies were combined and the bride's table laid with hand-sown flowers. Further adornments with glowing white tapers in star-shaped crystal holders, and the satined-cream three-tiered wedding cake completed the decorations.

Mrs. Buie then served the cake. Mesdames Ben Blackmon and Guy Love presided at the punch service. Miss Exa Clair Love had charge of the bride's book, and Mrs. E. B. Kirkham assisted in receiving the guests.

Educational Background.
The bride graduated from the San Angelo High School, and has been an employee of North American Aircraft Corporation at Grand Prairie, Capt. Buie is a graduate of Springdale, Ark., High School attended Texas School of Mines at El Paso, and Texas Tech at Lubbock. He has been awarded the Distinguished Flying Cross for heroism in the Pacific theater of war, having 1300 combat hours to his credit and having participated in major battles at Pearl Harbor, Midway and Solomon Islands.

Out-of-town relatives and friends in attendance at the wedding were Mrs. Vira Harold, Corpus Christi; Mrs. Frank Brockette, Cleburne; Mr. and Mrs. L. R. Buie and Mr. and Mrs. C. W. Peters, Mr. and Mrs. Bill Ingram, Martha and Bill Ingram, Dallas; Mr. and Mrs. C. T. Buie, Itasca; Carey and Vivian Buie, Whitney; Mr. and Mrs. F. T. Johnson, Waco; Mrs. C. W. Hall of Austin, in addition to the wedding party.

Texas Killed in Crash Into Ocean

JACKSONVILLE, March 22.—(AP)—Ensign J. L. Greenfield, 26, USNR, of Shamrock, Texas, and Aviation Radioman Third Class Robert H. Deysscher, 19, USN, of Redding, Pa., were presumed to have been killed Saturday when their plane crashed in the Atlantic Ocean.

Officers at the Jacksonville Naval air station said today the plane plunged into the sea about 15 miles off Fernandina and that an exhaustive search has failed to reveal any trace of the men, although parts of the ship have been found.

Ship Welder Charged Sabotage.
BALTIMORE, March 22.—(AP)—The arrest of a 20-year-old ship welder on a charge of sabotage was announced today by U. S. Attorney special agent in charge of the Baltimore office, Federal Bureau of Investigation.

Souck said that George Arnold Steele, formerly of Franklin Furnace, Ohio, was charged with sabotage for doing faulty welding and said Steele asserted he was attempting to increase his wages by turning out work faster.

A Three Days' Cough is Your Danger Signal

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel the mucus plug, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion. You'll understand you must like the way it quickly allays the cough or you are to have your money back.

CREOMULSION for Coughs, Chest Colds, Bronchitis

RED STAR FLOUR
STAR REMEDY
will help your young chickens to grow and save feed. Will keep worms out. Red Star Starter will stop diarrhoea. Mineral for body building. See the counter card.

At THE 2 REMIX DRUG STORES
CORSICANA, 101 W. Collin St. and 216 N. Beaton St.

ONE MAN PRODUCTION LINE—Cpl. John F. Skelton, Jr., base radio inspector, Love Field, is shown above as he handles his model creation of the Gee Bee—racing plane of a few years back. Other model planes appearing in the picture, left to right, are: Pan-American Clipper (on stand); B-26; Grumman Wildcat (on stand); A-20-A; B-26; and P-40. His scale models are excellent examples of patience, research and execution, some having complete instrument panels in the cockpit no larger than your little finger nail. His models are in great demand by flying officers. Prior to the declaration of war Cpl. Skelton served a hitch with the National Guard as a Radio Sergeant. He is the son of Mrs. Estelle Skelton of Corsicana.

FOOD DOLLAR OF 1940 WORTH FIFTY CENTS IN ATLANTA

By RUTH BRIGHAM
ATLANTA, March 22.—(AP)—Talking about the high cost of living, and who isn't, the dollar spent for food in this section in 1940 would be worth about 50 cents today, a review of old and current grocery ads shows.

The ads for December, 1940, compared with those of today, disclose startling changes.

Seventeen staple items cost \$3.97 in 1940.

Those same items cost \$7.85 now. A juicy loin steak in those days cost 29 cents a pound. Now it's 60 cents per—

and you have to rate with the butcher to get it, or else arrive at the market simultaneously with the delivery truck.

During those balmy days you could have ham and eggs for breakfast, with eggs 25 cents (or less) a dozen and sugar cured ham advertised in the now yellowing pages at 19 cents a pound. You can still have your ham and eggs, with eggs around 50 cents a dozen, provided you can get the ham, which is 55 cents a pound.

You spread 37 cents a pound butter generously on your bread, and desserts were no item with sugar five pounds for 23 cents. But reducing becomes a simple matter when butter costs you 55 cents a pound and sugar is both rationed and five pounds for 30 cents.

A certain famous brand of coffee was selling for 25 cents, but now it'll cost you 34 cents. Bacon, which you are buying for 25 cents a pound is now 43 cents.

That fat hen that you bought, all dressed and ready to pop into the oven, was 29 cents but now, like her eggs, she's holding out for more, say 45 cents a pound.

NUMBER CIO WAR PLANT WORKERS TO SEE SOLDIER WORK

CAMP ATTERBURY, Ind., Mar. 22.—(AP)—More than 250 CIO war plant workers, eager to sample soldier's routine and learn how the army uses the war weapons they produce, joined combat training units of the 83rd Division here today.

From Michigan, Ohio, Illinois and Indiana, shop committeemen and local union officers of the United Automobile Workers (CIO) came to this training center last night for a three-day visit.

Routed from their beds by a 6 a. m. (CWT) reveille, the labor leaders donned army fatigues and observed activities that included hand-to-hand combat, obstacle course, bayonet drill, scouting, methods of concealment, and firing from behind trees and reconnaissance in the field.

Heading the UAW-CIO delegation was Walter P. Reuther, International Union vice president. He drew an assignment to an infantry unit.

Reveille this morning was a strange experience for some of the war workers. One negro unionist from Detroit's Ford Local 690 commented: "This is the time I usually go home to bed after working all night."

Farmers May Sell Butter Regular Customers Now

DALLAS, March 22.—(AP)—The regional OPA office here announced today that farmers who do not have refrigeration facilities may sell their butter to regular customers this week without violation of the freeze order on butter and other edible fats.

Officials said a directive just received from Washington also allowed the farmer who has been making butter and selling to consumers, who has milk or cream on hand for butting making purposes and does not have refrigeration facilities, may make that milk or cream unto butter and sell to the consumer.

The consumer will not be required to give up ration stamps when buying butter from farmers selling under these conditions this week, the OPA said.

Civilian Is Facing Trial in Slaying Sergeant Boland

PALO DUNTO, March 22.—(AP)—The trial of a charge of murder in the slaying of Sergeant John Boland of Camp Barkley near Mingo the night of last Jan. 9 opened in district court here today.

A jury was being selected from a venire of 100 men.

Herbert Whitlock was convicted on a similar charge on March 17 by a jury which fixed his sentence at 40 years in prison.

During the Whitlock trial, Corporal Kenneth Chittman of Camp Barkley testified that he was with Boland the night of Jan. 9 and that a fist fight started by Whitlock ended in the fatal cutting of the Duluth, Minn., soldier.

Ft. Worth Banker Critically Shot

FORT WORTH, March 22.—(AP)—Fred A. Rogers, 57, a vice president of the First National Bank, was critically wounded early today by a shotgun charge in his chest in the back yard of his home.

He was given a blood transfusion at 8:30 a. m.

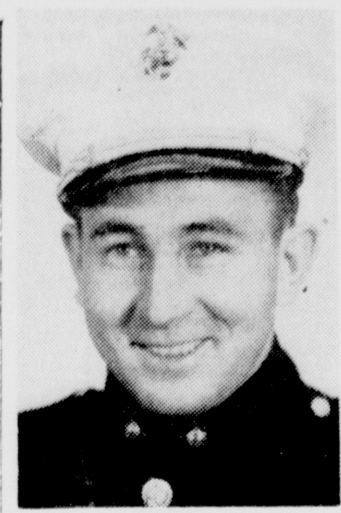

Rogers slept in a rear bedroom of his home last night. Some time before 5:30 a. m. today he is believed to have heard a noise in the garage. Carrying his .410 gauge shotgun, Rogers went to investigate.

Mrs. Rogers heard him call for help. She later said she had not heard a shot.

She found him lying in the yard. It is thought he stumbled on a hedge in the darkness, causing the gun to discharge.

Housing Projects Approved.

AUSTIN, March 22.—(AP)—Approval of a project for 150 family dwelling units in Orange and Beaumont for employees of the Goodrich and Neches companies has been given by the National Housing agency, Gov. Coke Stevenson announced today.

MARINE AVIATOR—Second Lieut. Richard L. Hobbs, 23, recently commissioned a Marine Corps aviator, at Corpus Christi, here on leave for the past fifteen days visiting relatives and friends has returned to his station at San Diego, and expects to be assigned to active combat duty soon. He is a fighter pilot. His parents Mr. and Mrs. S. L. Hobbs, a sister, Mrs. H. O. Baldwin, and a nephew, Otha Don Baldwin, reside at Rice. Lieut. Hobbs is a graduate of the Rice high school and of A. and M. College.

FORT WORTH AND DALLAS TAKE SCRAP TO SECRETARY JONES

WASHINGTON, March 22.—(AP)—Fort Worth and Dallas, Texas today carried their latest rivalry directly to Secretary of Commerce Jesse Jones for settlement.

The issue rests on which side of the new Midway airport, under construction between the cities, the administration building shall be built.

Plans call for the erection of the building on the west side of the field, facing Fort Worth. Dallas wants it on the north side, in what they contend would be a neutral position inasmuch as their city lies to the east.

Delegations headed by the mayors of Fort Worth and Dallas and Arlington, the actual sponsor of the project, met in conference with Secretary Jones, Civil Aeronautics Administrator Charles I. Stanton sitting in.

"Fort Worth doesn't know just what to speak on," stated Amos C. Carter, Fort Worth publisher. "We thought this was already settled, that the building was going to be built on the west side of the field."

Mayor Woodall Rogers of Dallas said "the city of Dallas feels that they have not been properly considered in this matter." He asserted that plans originally called for construction of the administration building on the north side of the field and that suddenly, without advance notice so far as they were concerned, the AAA altered the plans to place the structure on the west side "to attempt to accommodate certain Fort Worth interests."

Dallas' position also was discussed by Nathan Adams, publisher of the Dallas Times Herald; W. P. Hobby, publisher of the Houston Post and former Texas governor; and Rep. representatives Summers and Lanham, Texas Democrats.

Others crowded into the conference room included Mayor I. N. McCrary, Sam H. Bothwell, city manager, Mayor Bowen, president of the chamber of commerce and William Elden, manager of the chamber of commerce, all of Fort Worth; Mayor W. F. Altman, and Dr. C. L. Beasley, city councilman, both of Arlington; V. R. Smitham, acting city manager, of Dallas; Tom Gooch, publisher of the Dallas Times Herald; W. P. Hobby, publisher of the Houston Post and former Texas governor; and Rep. representatives Summers and Lanham, Texas Democrats.

MRS. HANNA E. KEY DIED AT MALONE ON MONDAY MORNING

Mrs. Hanna E. Key, aged 90 years, died at Malone, Hill county, Monday morning. Funeral services will be held Tuesday afternoon at 2 o'clock from the Methodist church at Brushy Prairie with burial in the Brushy Prairie cemetery. The rites will be conducted by Rev. Mr. Vaughn.

Mrs. Key had resided in the Purdon community for 15 years prior to moving to Malone about two months ago.

Surviving are three sons, Herbert Key, Frost; W. B. Key, Malone and Frank Key, Fairfield; four daughters, Mrs. Ella Moore, Munday; Mrs. Edith Scroggins, Powell; Mrs. Alice Scroggins, Beaumont; and Mrs. Bertha Vernon, Stamford; and 138 grandchildren and great-grandchildren. Corley is in charge.

Sgt. James N. Red Arrives in States For Hospitalization

Staff Sergeant James N. Red, U. S. Army, recently reported wounded, has arrived in the United States for hospitalization, his brother, T. R. Red, of Corsicana learned Monday.

Sgt. Red received four machine-gun bullet wounds in the abdomen and hip in action somewhere in the South Pacific area. He was treated in Worthing and enlisted in the army the first time in Corsicana. His mother, Mrs. Frank S. Red, now resides in Tyler.

Sister Corsicana Woman Dies Lubbock

Mrs. Cora Sanders Leatherwood, sister of Mrs. Frank McPherson of Corsicana, died Friday afternoon in a Lubbock hospital. She resided in Crosbyton. Mrs. Leatherwood is survived by several children, a brother, mother, Mrs. Dudley Sanders, Cleburne, and four sisters.

LIONS AND BEARS OF ABILENE ZOO GIVEN NEW LEASE ON LIFE

ABILENE, March 22.—(AP)—Four lions and two bears, feature attractions at Abilene's zoo, won't die today as scheduled.

The state parks board stepped in at the last minute and offered to take over the zoo, "lock, stock and barrel," giving the larger animals, sentenced to death as an economy move by the city parks board, a new lease on life.

Mayor Wendell Mayes of Brownwood, a member of the state parks board, last night advised Gih Sander of Abilene that the board is willing to transfer the stock to Lake Abilene State Park and make it "one of the best little zoos in this section of the country."

The state park is 21 miles southwest of Abilene.

Earlier yesterday, the army came to the rescue of the condemned lions and bears. Officers at the Abilene army air base asked city officials to call off the executions.

"We'll furnish scrap meat, bones, bread. We'll do anything we possibly can to keep the animals for the children of Abilene," Base Commander Col. Edmund C. Gaines said.

For days, letters from children have been pouring into the Reporter-News offices, asking that the bears and lions be spared.

Mayes said the state board would ask also for the cages at the city zoo and said the board would send an engineer to investigate the situation.

The zoo, which has been in operation more than 10 years, includes half a dozen monkeys, a bobcat, coyote, a raccoon and an eagle.

SENATE COMMITTEE WILL INVESTIGATE COAL WAGE IMPASSE

WASHINGTON, March 25.—(AP)—With the broadening battle of inflation nearing its critical stages, the senate war investigating committee this week will delve into a wage impasse which threatens a bituminous coal strike.

Chairman Truman (D-Mo) said today that when President John L. Lewis of the United Mine Workers appears for testimony scheduled Friday on the general subject of war production, the lid will be off for inquiries into the failure of miners and operators to agree thus far on a new contract to keep soft coal production going after April 1.

Lewis has been demanding a \$2 a day increase in miners' pay—an increase that administration leaders contend would break through their anti-inflation dam. Lewis' demand has been paralleled by leaders of the American Federation of Labor and the Congress of Industrial Organizations, who urge that the "Little Steel" wage formula (limiting increases to 15 per cent over Jan. 1, 1941 levels) be scrapped.

to meet rising living costs.

A congressional break-through on another front where advocates of including all farm labor costs in parity price ceilings were advancing swiftly toward senate action after a quick victory in the house last week.

Chairman Smith (D-SC) called the senate agriculture committee together today for what he said was certain to be overwhelming approval of a bill by Rep. Pace (D-Ga) which would force an upward revision of parity.

The senate was expected to take up tomorrow another proposal with a direct bearing on the inflation problem—the \$210,000,000 debt limitation bill to which the finance committee has attached a rider re-

AP Features.
The Department of Agriculture will award this Certificate of Farm War Service to every farm family participating in the 1943 food production program. The 11 by 14-inch certificate, signed by Secretary of Agriculture Wickard, will be presented by County USDA War Boards after completion of the farm mobilization drive. Wickard said the paper was designed as "a simple word of appreciation and encouragement to the fighting units of the food front."

Today on the Home Front

By JAMES MARLOW AND GEORGE ZIELKE.
WASHINGTON, March 22.—(AP)—For the first year after Pearl Harbor the loudest tune played on the home front was. Produce for war. Now there are two loud tunes: Produce for war but produce for civilians, too.

This time a year ago orders pouring from the War Production Board cut clear across the field of American living. The orders said: Discontinue making this civilian item.

Now some of those war plants may be re-converted to civilian production to supply essential items which are scarce or gone. Refrigerators might be one, as WPB boss, Donald Nelson indicated, but here is another example of the changing times:

Government agencies believe Farmer Jones away off on a side road should have a battery for his radio since all Americans—including

Jones—are tied together in the war and must co-operate to win it.

So WPB men, thinking of all the Farmer Jones, say now last year's cut in battery production was too drastic, may have to be eased.

The whole problem involving the home fronters is to be dusted off—maybe with a bang—when the senate banking committee Wednesday starts hearings on a measure to establish a civilian supply administration, a strong one.

At present there is a two-year old Office of Civilian Supplies which is part of the WPB. It has no control over vital civilian needs in such fields as rubber, oil, food.

When Nelson last Friday said his organization constantly was making studies "of what items we have cut out which need to be put back into production," his words received wide attention.

Wallace Lunched With President of Panama

DAVID, Panama, March 22.—(AP)—Vice President Henry A. Wallace will lunch today with President Ricardo Adolfo De La Guardia at the mountain resort of Boquete, after which the Wallace party, De La Guardia and U. S. Ambassador Edwin C. Wilson and his staff and ranking officials of Panama will depart for Panama City, where they are due to arrive in mid-afternoon. The Wallace party is scheduled for a three-day visit in the capital.

pealing President Roosevelt's executive order limiting salaries to \$25,000 after the payment of taxes.

FUNERAL SERVICES FOR C. B. BARLOW WERE HELD MONDAY

Funeral services for C. B. Barlow, age 87 years, who died at his home on North Highway 75 Sunday night, were held Monday afternoon from the chapel of the Corley Funeral Home. Rev. C. W. Pittman conducted the rites. Burial was in Oakwood cemetery.

Surviving are five daughters, Mrs. M. E. Sikes, Corsicana; Mrs. Nettie Robison, Dallas; Mrs. Price Pate, Enhouse; Mrs. William Robinson, Powell; Mrs. J. C. Marr, Corsicana; six sons, T. C. Barlow, C. T. Barlow, D. H. Barlow, M. B. Barlow, Leroy Barlow, and D. Barlow, Corsicana; a step-brother, Tom Vyers, Enhouse and other relatives.

Mrs. Barlow preceded him in death just two weeks ago.

A resident of Navarro county practically all of his life, he was well known.

Corporal Steve Anderson, U. S. Army Air Force, stationed at Majors Field, Greenville, Texas, spent the week-end here. He is from Purley and formerly was connected with the Navarro County AAA offices before going into the army.

IN THE NAVY—Hollis T. Swink, 21, seaman second class, USN, is now in training at Davisville, R. I. He was an employee of the Southern Pacific Lines prior to his enlistment in October 1942. He attended the Corsicana public schools. His father Edd T. Swink resides in Laton, Calif. Two sisters, Mrs. Juanita Griffith and Lorene Walker reside in Corsicana, and another sister, Mrs. Edna Ewing, lives at San Angelo.

UTES MONDAY FOR MRS. J. I. JOHNSTON WHO DIED SATURDAY

Funeral services for Mrs. J. I. Johnston, aged 49 years, who died Saturday night at the P. and S. Hospital, were held Monday afternoon from the Calvary Baptist church. Rev. J. J. Stone, pastor, officiated. Burial was in Oakwood cemetery.

Survivors are two sons, Ismael Johnston, Corsicana, Virgil Johnston, U. S. Navy; two daughters, Mrs. R. L. McKenzie, Wapakoneta, Ohio; Miss Bonita Johnston, Corsicana; four sisters, Mrs. L. A. Sullivan, Corsicana; Mrs. Irene Gillingham, Corsicana; Mrs. Will Sullivan, Fort Worth; Mrs. Nora Bedford, Houston; a brother, Albert Stone, Dallas, and other relatives.

Corley's Funeral Home had charge of the arrangements.
